Preliminary Amendment Before the First Official Action

Please substitute the revised application submitted herewith.

Please substitute the revised drawings submitted herewith.

Remarks

Submitted with this preliminary amendment is a power of attorney signed by the Applicant empowering the undersigned attorney. Also submitted is an information disclosure statement form PTO/SB/08A and the ten patent references listed thereon. Also submitted herewith is form PTO/SB/08B listing the two literature references enclosed.

Revised application and a copy thereof showing deletions by strike through and additions by underline are enclosed with this amendment. The revised application and corrected drawings are meant to replace the application as filed. Corrections are for clarity purposes only. Submitted are corrected drawings including minor reference number corrections consistent with the specification. The Examiner is requested to enter the amendments and approve the revised drawings.

On behalf of the Applicant by his attorney
